

For the 2021/22 Executive Officer II (EOII) recruitment exercise, candidates were shortlisted during the stage of written examination (i.e. Joint Recruitment Examination (JRE)). Only those meeting the shortlisting score would be invited to the next stage. The shortlisting score is as follows –

| | Shortlisting scores |
|-------------------------------------|--|
| Joint Recruitment Examination (JRE) | Candidates obtaining 183 or above in the JRE were invited to the selection interview * |

** Please note that there is no pre-determined minimum score for shortlisting candidates to attend the selection interview for the EOII post. The range of scores that candidates attained in JRE in different exercises which enabled them to be invited to interview will depend on a number of factors, including but not limited to the performance of candidates in the JRE and the number of candidates to be invited.*

For the post of EOII, there is only one round of selection interviews after the JRE. The interview assessment form including selection criteria and the relative weighting for EOII is enclosed below please -

EOII Assessment
